# Home Standby Generator

# GO Tech AG Solutions offer a wide variety of Automatic Backup Generators for your application.

**Uses** Permanently Installed at your home, similar to a central air unit

**Starting** Starts automatically when utility power is lost - whether you are home or away

**Connecting** Permanently connected to your home's electrical system

**Refueling** No refueling necessary if connected to a Natural Gas Line or Propane Tank

**Capacity** Can power you entire home or selected circuits

**Monitoring** With Mobile Link you can monitor the generators performance from anywhere in the world using a smartphone, tablet or PC.

## Solutions to Meet Your Needs

### → POWER JUST THE BASICS

**PowerPact 7.5 kW**

If you prefer simple, economical approach, our affordable PowerPact provides automatic backup protection for essential circuits such as your well pump, refrigerator, furnace and sump pump.

### → SMART POWER WHERE YOU NEED IT

**Guardian 18 kW with whole house transfer switch**

Our Smart Module Management (SMM) system allows you to get whole house protection, without paying for a larger generator. All of your home's circuits can be protected by cycling power on and off as needed for different appliances and you decide what gets priority.

### → POWER IT ALL AND SAVE

**NEW Guardian 24 kW Home Standby Generator**

Many homeowners want the peace of mind that comes with whole house coverage. Whenever there is a power outage, you don't have to worry because the power stays on throughout your entire home.

## Power Outages Can Happen Anytime

### → Costly Downtime

If you lose power for an extended period of time, you could be forced to pay for:

- Hotel Fees
- Replacement of Spoiled Food
- Burst Pipes
- Mold Remediation

### → Power Outage Expenses

**\$10,000 Frozen Pipes**

**\$26,807 Flooded Basement**

**\$500 - \$30K Mold Removal**

**\$150 per Night Alternate Shelter**
